Re: Experience

Dear Mike:

Please consider this letter our strongest recommendation of you and your company. As you know we have been doing business together for over 10 years. During that time you have landscaped model homes, customer's homes and at least 3 multi million dollar Parade of Homes entries or demonstration houses for us.

Your pricing has always been competitive and your installations timely. Our Highest praise comes from what we believe to be superior design and materials. The Quality of material is definitely superior in size and condition from what I have experienced with other professional landscapers. The designs have been award winning.

Top Quality design, superior materials, professionalism, integrity and standing behind the sale are all important factors to us and paramount to them.

Sincerely,
Renaissance Homes of Pradera
